Commisioner Jane Jenney  
FDA Dockets Management Branch  
Docket No. 99N-4282  
5630 Fishers Lane Room 1061  
Rockville, MD 20852

Dear Commissioner Jenney;

I am writing to you to voice my support of the Center for Food Safety's lawsuit against the EPA. I demand, with the CFS that you remove the recombinant Bovine Growth Hormone from the market. Furthermore, I demand mandatory pre-market testing and labeling of all genetically engineered foods. It is time for the FDA and all food corporations to put aside their profit driven agendas and begin to act on behalf of the welfare, safety and health of humans, animals and the planet. American consumers are organizing and will not accept genetically engineered foods. Listen to the consumers and not only corporations. Food is for the people not the obscenely excessive profit of large corporations.

Sincerely,

Holley Daschbach
